

Magnum Multi-adjustable Bench

MG-A85

The Magnum Multi-adjustable Bench is designed for maximum flexibility and comfort. The bench allows for five levels of angle adjustment to maximise exercise variety (0– 80 degrees). The seat and back pad move in unison, minimizing adjustments and providing the perfect seat - to - pad angle at each setting. The back pad offers increased width at the shoulders to provide added stability during lifts. Additionally, the back pad is bolted to the frame's center to enhance support and stability while preventing pad flex. It includes bolted - on end caps with frame covers to protect against wear and tear. Rated for a maximum user weight of 159 kg / 350 lbs. and a maximum training weight of 136 kg / 300 lbs.

FRAME	
FRAME FINISH	Proprietary two-coat powder process
