

Performance Ascent Trainer

PREMIUM LED CONSOLE

A-PS-LED

Offer full-body, low-impact intensity with an Ascent Trainer that withstands heavy use for years. Patented suspension design, variable stride length and refined ergonomics keep workouts quiet, smooth and natural, even when incline is increased to target and tone different muscles. Includes water bottle holder and removable disk to streamline maintenance.

Give members the intuitive navigation of an LED with a more engaging look. An 8,000-pixel display fills the screen with color and sharp graphics, providing clear, easy-to-read feedback in large numbers and letters.
